

logitech®

CRYSTAL CLEAR MEETINGS.

Logitech C925e Webcam

Logitech® C925e Webcam delivers razor-sharp video at an amazingly affordable price for an enhanced face-to-face meeting experience from virtually any desktop.

With a 78° field of view, full HD video with autofocus, and RightLight™ 2 technology, the

C925e webcam provides an outstanding collaboration experience improving visual quality in low light and backlit situations at multiple distances. Omni-directional dual stereo microphones deliver crystal clear sound in private offices and open workspaces. Users can also quickly get privacy and security from the video stream with the built in privacy shutter.

Logitech C925e Webcam is brilliantly designed for anyone seeking enhanced video collaboration.

USB plug-and-play connectivity makes it a breeze to set up and operate — it even works with any video conferencing software application, including the ones you already use. With advanced business certifications and enhanced integration with Logitech Collaboration Program (LCP) members¹
